

FINANCIAL MANAGEMENT

MUNIS® CASH STATION

The MUNIS® Cash Station is designed to meet the needs of public sector users by offering a fast, efficient, and technologically sound method for processing customer transactions. Its compact design makes it ideal for work environments where space is at a premium. The POS system features an RoHS compliant lead-free chassis, power supplies and motherboard. It comes with the Windows XP Service Pack 3 factory installed.

Dell hardware is both dependable and easy to use. It offers cashiering functions such as receipt printing, validation, endorsing and OCR-A scanning. It also features a cash drawer for cash collection. The POS solution is available with all MUNIS versions that have these cashiering abilities.

Individual components of the all-in-one POS system are also available separately. Contact your sales representative for details.
